Lane Plating Team,

The Lane Plating Phase One RI data report is attached. I'm sorry for doing this, but we really need to get this document reviewed and revised before the next public meeting. Please try to get your comments to me by October 21st. If this is a big problem for you, then let me know and we can push that out a few more days. Remember the FSP and phase 2 planning documents will come in around the 15th. We should have more time for that review, but you may want to budget some time in your schedule.
